

DITA

WARTHEN

LIMITED EDITION

Introducing Limited Edition: WARTHEN – Balancing traditional design and avant garde engineering, WARTHEN was inspired by the warrior's spirit and artistry of Japanese weaponry. The classic rectangular front shape serves as a canvas to the intelligent temple design. Exposed screws anchor the five-point adjustable temple system that can be modified by the optician to customize how the frame sits allowing for optimized comfort and wearability. Designed in three powerful colorways: Black - Yellow Gold, Matte Black - Black Palladium, and Night Sky - Antique Silver symbolizing elegance and stability. WARTHEN encapsulates the essence of pushing boundaries to failure, echoing the warriors who surpassed their limits to become legends, joining DITA's impressive repertoire of Limited Edition masterpieces.
